

## REFLECTION QUESTIONS FOR MARK STUDY

### MARK 1:15-45

This section includes a series of events at different places where Jesus was active and engaging different people, events, and challenges. You can think of them as different scenes in a play, or in modern terms you can imagine different video clips. Here are some questions associated with these scenes.

1. Imagine the scene with the sounds, smell, and the setting in each scene and observe what Jesus is doing and how people are reacting to him. What does Jesus do, and how do they respond to Him?
2. What are some of the things that seem to stand out in the different incidents? What are some similarities and differences?
3. What impresses you most about the passage as a whole?
4. What do you learn about Jesus and how we all should respond to Him. How are you personally challenged as you think about this passage as a whole?
