

## **DISCIPLESHIP AND SPIRITUAL THEOLOGY – GALATIANS 6 AND OVERVIEW**

### **Galatians 6:11-18 and Overview**

In the first half of Galatians 6, we learned about how corrective encouragement works in a shame-based culture. The second half concludes the book with his concluding comments about circumcision and the cross. Here are some study suggestions for our study.

1. Look for repetitions and contrasts in this section.
2. Construct any questions you have based on your observations in the whole chapter.
3. Review the whole book of Galatians as a whole and identity the main divisions of the book and the main truth or lessons that stand out to you.
4. What are your takeaways and/or responses to what you have seen in this book. How has the book helped you to develop a spiritual theology.
