

## **DISCIPLESHIP IN A PLURALISTIC WORLD – I JOHN 3:1-11**

### **Study Notes – Part IV**

John goes on to deal with the question of how we can be sure that we have a relationship with God in terms of the tests or evidence that we look at. He dealt with the question of sin, and truth in chapter 2. He continues in that vein in chapter three and highlights a number of things. Remember, his audience is a church community that is surrounded by Greek and Roman philosophy, and the reality that some people left the church to go back to Judaism.

1. Observe what he says about love, sonship, sin, and knowledge.
2. Observe what he says about the work of Christ.
3. What seems to be the key in this passage?
4. What do we pray about to apply?
